### **Engage with Thousands across the Dandenong Ranges and beyond**

The Monbulk Rangers Soccer Club is embarking on an exciting journey and we want you to be part of it. With the imminent completion of our brand new state-of-the-art facility, the Monbulk Rangers will be the sporting hub of the Dandenong Ranges. With preparations for the 2016 season well underway, now is the best time to ride the wave of excitement and growth of soccer in Australia.

The Monbulk Rangers have a multitude of teams, members, activities, and volunteers. Here is just a glimpse of what is happening:

- Brand new multi-million dollar facility (Local, State and Federal Government funded project) will be completed in early 2016. This will house a modern functional pavilion, two synthetic pitches, one main grass pitch and several other grass pitches. Extensive car parking and guest viewing areas will also be present.
- In 2016 the club will have more than 600 members; one of the largest participation member bases in Victoria.
- An established proud, passionate and rich history of soccer in the Dandenongs is captured and harnessed by the largest soccer club in the region, the Monbulk Rangers Soccer Club.
- Teams (male, female and mixed) range from the junior Goal Kick Program for under 5 – 7's, up to seniors. There will be in excess of 41 teams for the 2016 season (31 junior, 10 senior).
- The existing synthetic pitch at Moores Road, Monbulk Rangers (current home ground), has every available timeslot filled by training and games. The new state of the art facility was designed and approved due to the rapid and consistent growth of participants at the Monbulk Rangers Soccer Club.
- Monbulk will host visiting teams and travel to a wide range of locations near and far, from Croydon and Ringwood to Berwick, St Kilda and Ballarat.

Whilst we have a number of specific sponsorship packages available, we understand that each and every sponsor can bring different skills and benefits. We encourage and welcome any suggestions or opportunities that you may have regarding potential partnership. We are extremely flexible and would be happy to discuss ways for your business to best engage with our members, their parents or partners and guests.

Yours sincerely,
